

CORRECTIONAL MANAGED CARE VISUAL ACUITY TEST

Patient Name: AUSTIN, PERRY A **TDCJ#:** 999410 **Date:** 05/13/2004 10:18
Facility: POLUNSKY (formerly TERRELL)
Most recent vitals from 05/13/2004: BP: 102 / 58 (Sitting) Wt. 164 Lbs. Height 70 In. Pulse: 70 (Sitting) Resp.: 18 / min
 Temp: 98.2 (Oral)
Age: 44 Years

Wears glasses: Yes: xx No:
 TDCJ issues: Yes: xx No:
 Date issued: 1998

FAR VISION (20 FEET OPTICAL CHART)

WITHOUT GLASSES

RIGHT EYE:	20/200
LEFT EYE:	20/200
BOTH EYES:	20/200

WITH GLASSES

RIGHT EYE:	20/70
LEFT EYE:	20/70
BOTH EYES:	20/50

NEAR VISION (ROSENBAUM NEAR CARD)

WITHOUT GLASSES

RIGHT EYE:	20/70
LEFT EYE:	20/70
BOTH EYES:	20/70

WITH GLASSES

RIGHT EYE:	20/70
LEFT EYE:	20/70
BOTH EYES:	20/50

PATIENT VISION COMPLAINT:

Glasses are > 2 years old, at the time only required them for far vision, c/o that near vision is worsening.

DISPOSITION (X one below):

NO REFERRAL NEEDED

xx

REFER TO MD/MLP

Interpreter Used		Yes		No	Name of interpreter:

MISC TEST	TEST NAME	RESULT	REFERENCE INTERVAL
	HEPATITIS C RNA, Qual by PCR	NEGATIVE	

The specimen was NEGATIVE for Hepatitis C RNA. HCV RNA was not detected. This assay can detect HCV RNA at 50 IU/mL (100 copies/mL). A negative result does not rule out the presence of PCR inhibitors in the specimen or RNA concentrations below the level of detection of the assay. False negatives can be caused by improper specimen handling.

TEST INFORMATION: Hepatitis C RNA, Qual by PCR

Assay methodology is polymerase chain reaction (PCR) using the FDA approved Roche Amplicor HCV assay, version 2.0.

This test is performed pursuant to an approved protocol by Roche Molecular Systems, Inc.

HEPATITIS C RNA, Qual by PCR PERFORMED AT ARUP LABORATORIES, 500 CHIPETA WAY, SALT LAKE CITY, UTAH 84108.

OUTPATIENT MENTAL HEALTH SERVICES**

Triage Interview

Patient Name: AUSTIN, PERRY A
Facility: POLUNSKY (TL)

TDCJ#:999410

Date: 10/23/2009 09:27

****If returning from an inpatient facility insert the
Offender Returning From I/P Psych Facility (MHRIPF) decision tree and
Suicide Risk Assessment**

Problems/Issues addressed:

Pt. was informed that MHC was there because of a letter that he had written to a teacher stating that he was depressed. Pt. reported that he is chronically depressed and has been since he was a child. Pt. reported that he was previously supposed to see the dr. but after being rescheduled multiple times he requested to be taken off of the caseload due to frustration. Pt. reported that he knows he needs to be on medications to help with the depression but that he does not want to sleep all the time. Pt. reported that he feels that most inmates are overmedicated and he does not want to be this way because he enjoys reading, writing and doing puzzles. Pt. was informed that this MHC cannot account for how MHS operated previously but that the current staff try hard to fulfill the mental health needs of the offenders. Pt. was informed that it was not the practice of this department to overmedicate pt. so that they will sleep all the time and that the psychiatrist was very willing to listen to the pts needs. Pt. stated that he would like to be placed back on the caseload and scheduled to see the psychiatrist. Pt. denied any suicidal ideations at this time.

Allergies: NO KNOWN ALLERGIES

S: Pt. was seen as a follow-up after he verbally refused his psychiatric appointment. He stated that he is a private person and did not want to have the officers present during his appointment. He was assured that officers remain out of the room for the psychiatric appointments. He is willing to attend if rescheduled. He has been in prison since 1978 according to the pt. He admits that he has thoughts of self-harm, but is able to push the thoughts away. He does not want to kill himself.

O: Mental Status:

Orientation: x4

Behavior: cooperative

Speech: normal

Thought Process: lucid, organized (no delusions)

Thought Content: appropriate (free of hallucinations)

Memory: intact

Mood: dysphoric

Affect: congruent

Impulse Control: good

Insight & Judgment: fair

Suicidal/homicidal ideation: Thoughts, but no plans or intent

A: 311.0

P: See as scheduled by current MH provider

Procedures Ordered:

MH OP FOLLOW-UP: no diagnosis on axis i or axis ii, mental health care 0

Electronically Signed by ROY, JULIA L MA, SP on 12/04/2008.

Triage Interview

Patient Name: AUSTIN, PERRY A

TDCJ#:999410

Date: 08/15/2008 16:05

Facility: POLUNSKY (formerly TERRELL)

**Offender Returning From I/P Psych Facility (MHRIPF) decision tree and
Suicide Risk Assessment**

Problems/Issues addressed: Pt. states that he has a hx of MH treatment up to 2004. He reports that he suffers from Suicidal depression. He has suicidal ideation all the time, but can usually manage it. In the past 3 weeks, he has been having crying spells 3-4 times per week, increased in paranoia and depression. He was advised by his lawyer to send in a SCR to the psych department on his unit. He admits feeling stressed lately, but did not go into detail as this visit was cell-side.

The pt. is a bit hurt that the department did not respond to the SCR. Pt. advised that if he is not seen in a few days, he needs to resubmit the SCR in case it did not reach it's destination.

Pt. reports that he has a free-world psychologist coming to see him in September.

Ad-Seg/Death Row 90-day Segregation Assessment**From Reports by Security & Medical Staff**

Have there been any unusual behaviors in the past 90 days? If so explain

YES☐**NO**☒**Interview Questions**

Have you experienced any traumatic events during the last 90 days?

YES☐**NO**☒

Specify:

Behavioral Observation (may use decision tree and insert here or insert your own)

Offender appears neat, clean, and orderly, appearance is consistent with TDCJ Standards. He is oriented x4, mood is euthymic with congruent affect, behavior calm and polite. He is not delusional and is not experiencing hallucinations. Thought process is linear, speech clear and goal directed. He has no suicidal or homicidal ideations, memory is unremarkable. Insight and judgment are good.

Diagnosis:

From Reports by Security & Medical Staff

Have there been any unusual behaviors in the past 90 days? If so explain **NO**

Interview Questions

Have you experienced any traumatic events during the last 90 days? **NO**

Specify:

Pt. refused to get out of bed. I noted when I was talking to his next door cellie, he was standing at his door. While I was attempting to talk to him he stayed in bed and only answered with short responses. He did not appear to be in distress, nor did he voice any complaints.
